CHICKEN CLICKING

TONY
ROSS

'A great book...
to introduce safety
on the internet'
GUARDIAN

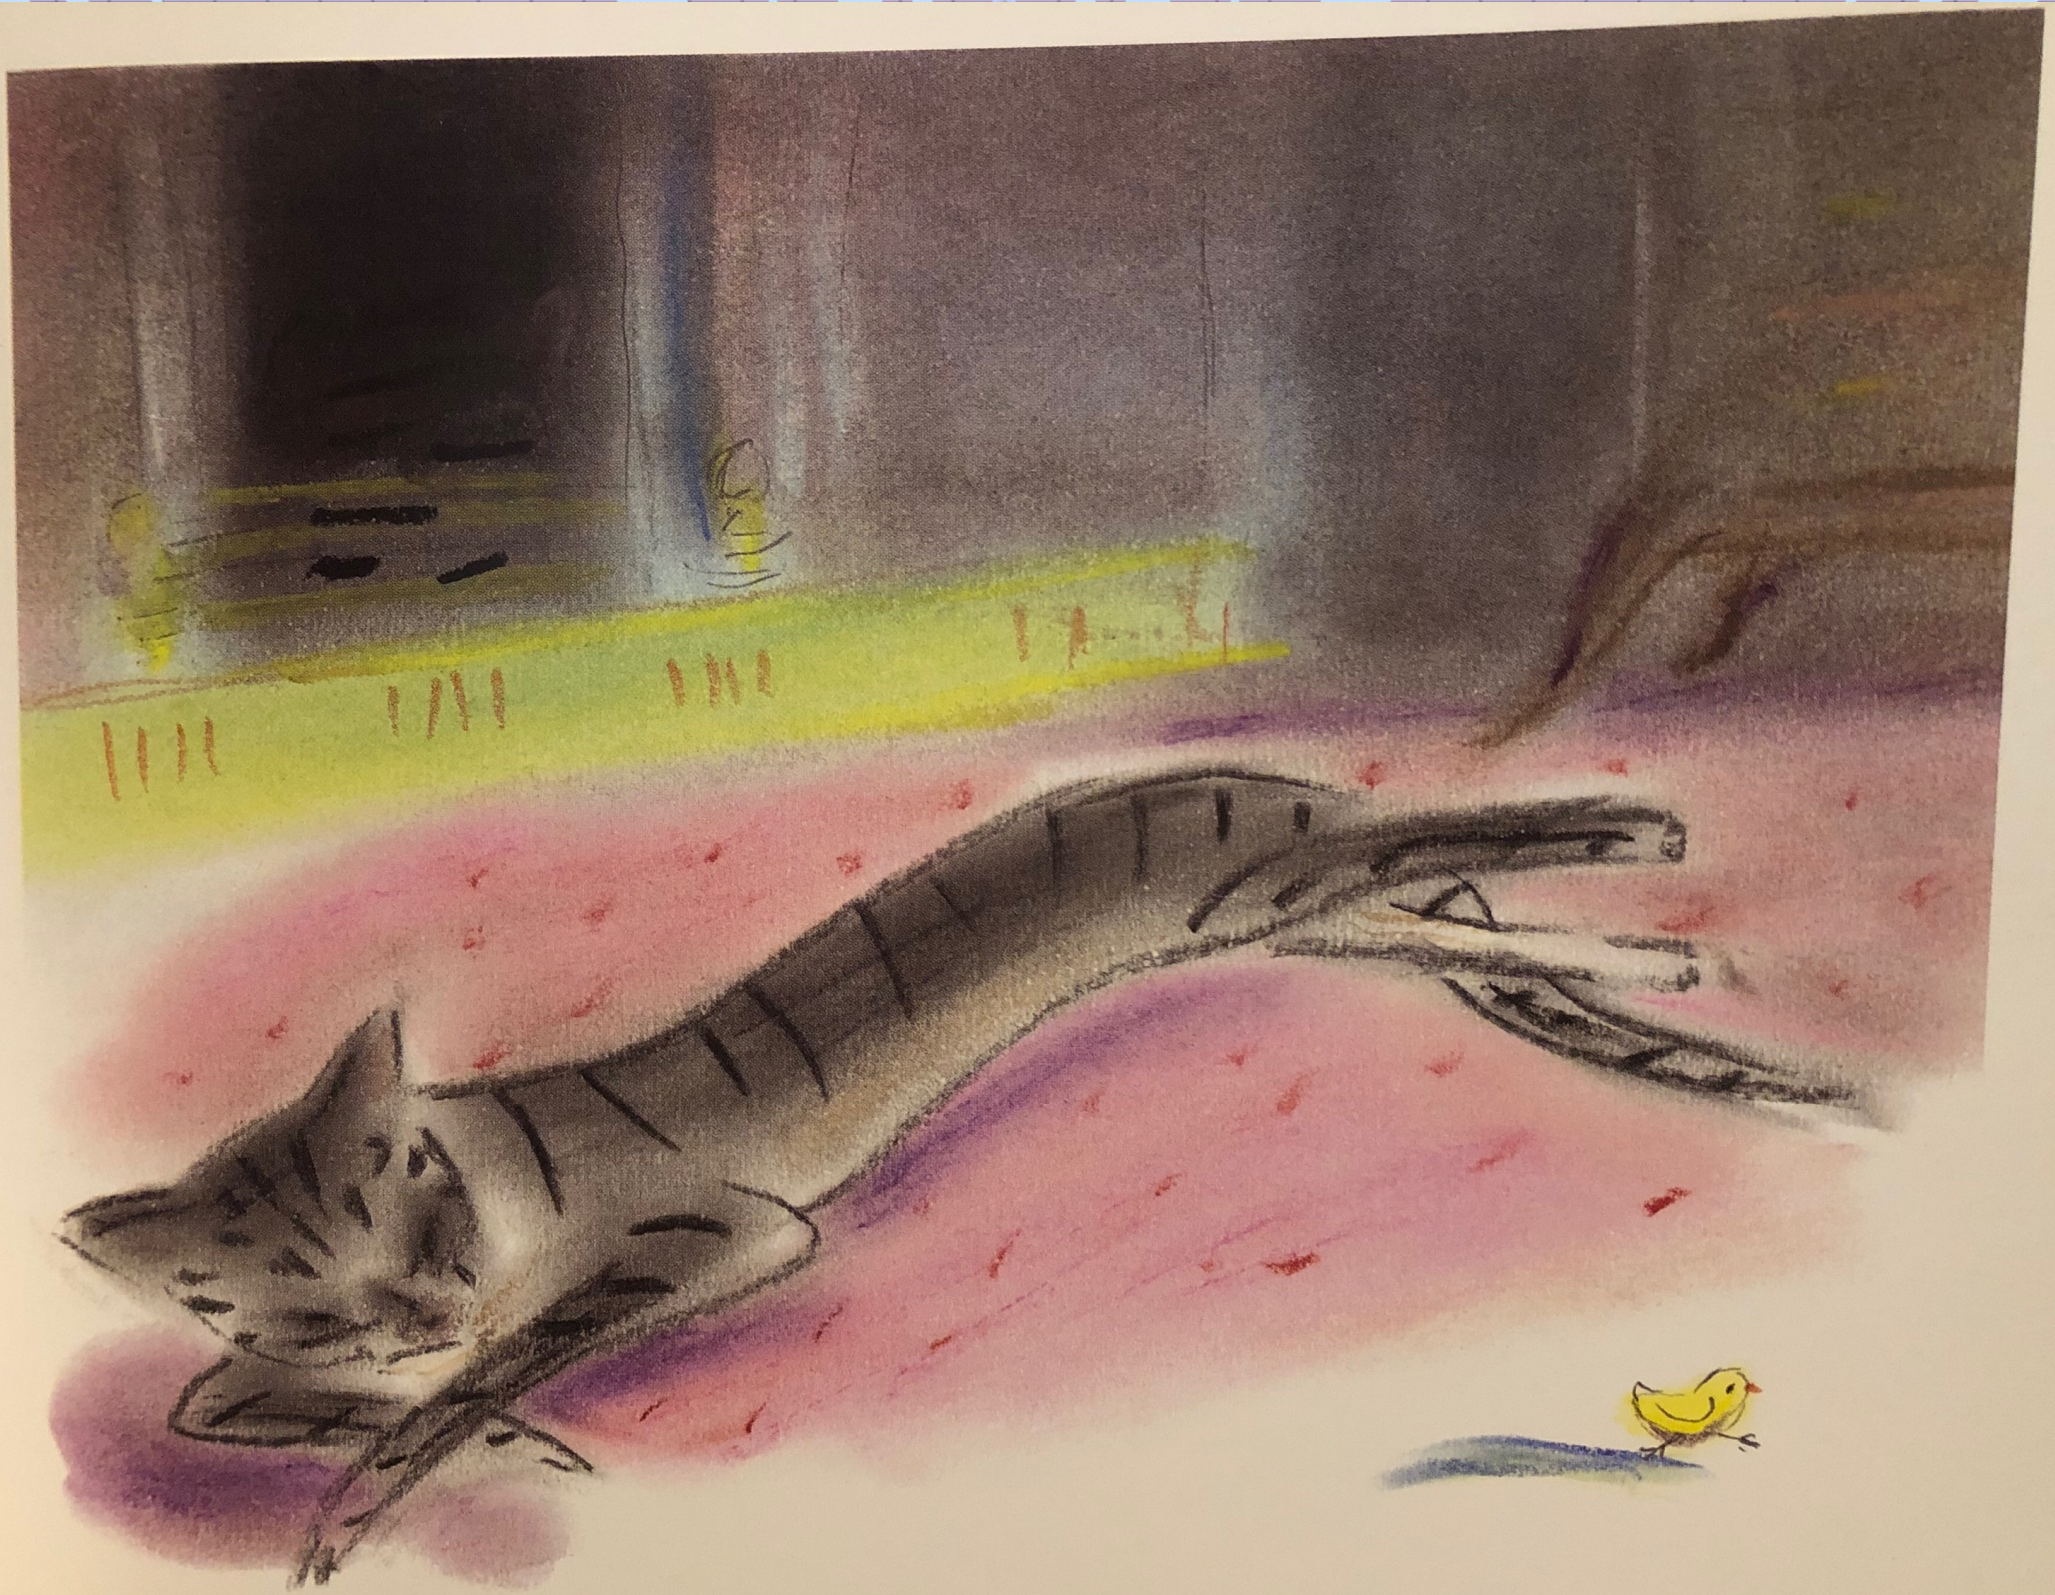

Once there was a little chick,
Chirpy, chirpy, cheep.

She hopped into the farmer's house
When he was fast asleep.

She crept into his study,
She tiptoed past the cat...

... And clicked on his computer
With the mouse upon the mat.

Why do you think the chick wants to use the farmer's computer?

Is this a good idea?
Why?

Cheepy, chirpy, cheepy – CLICK!
She had a little browse.

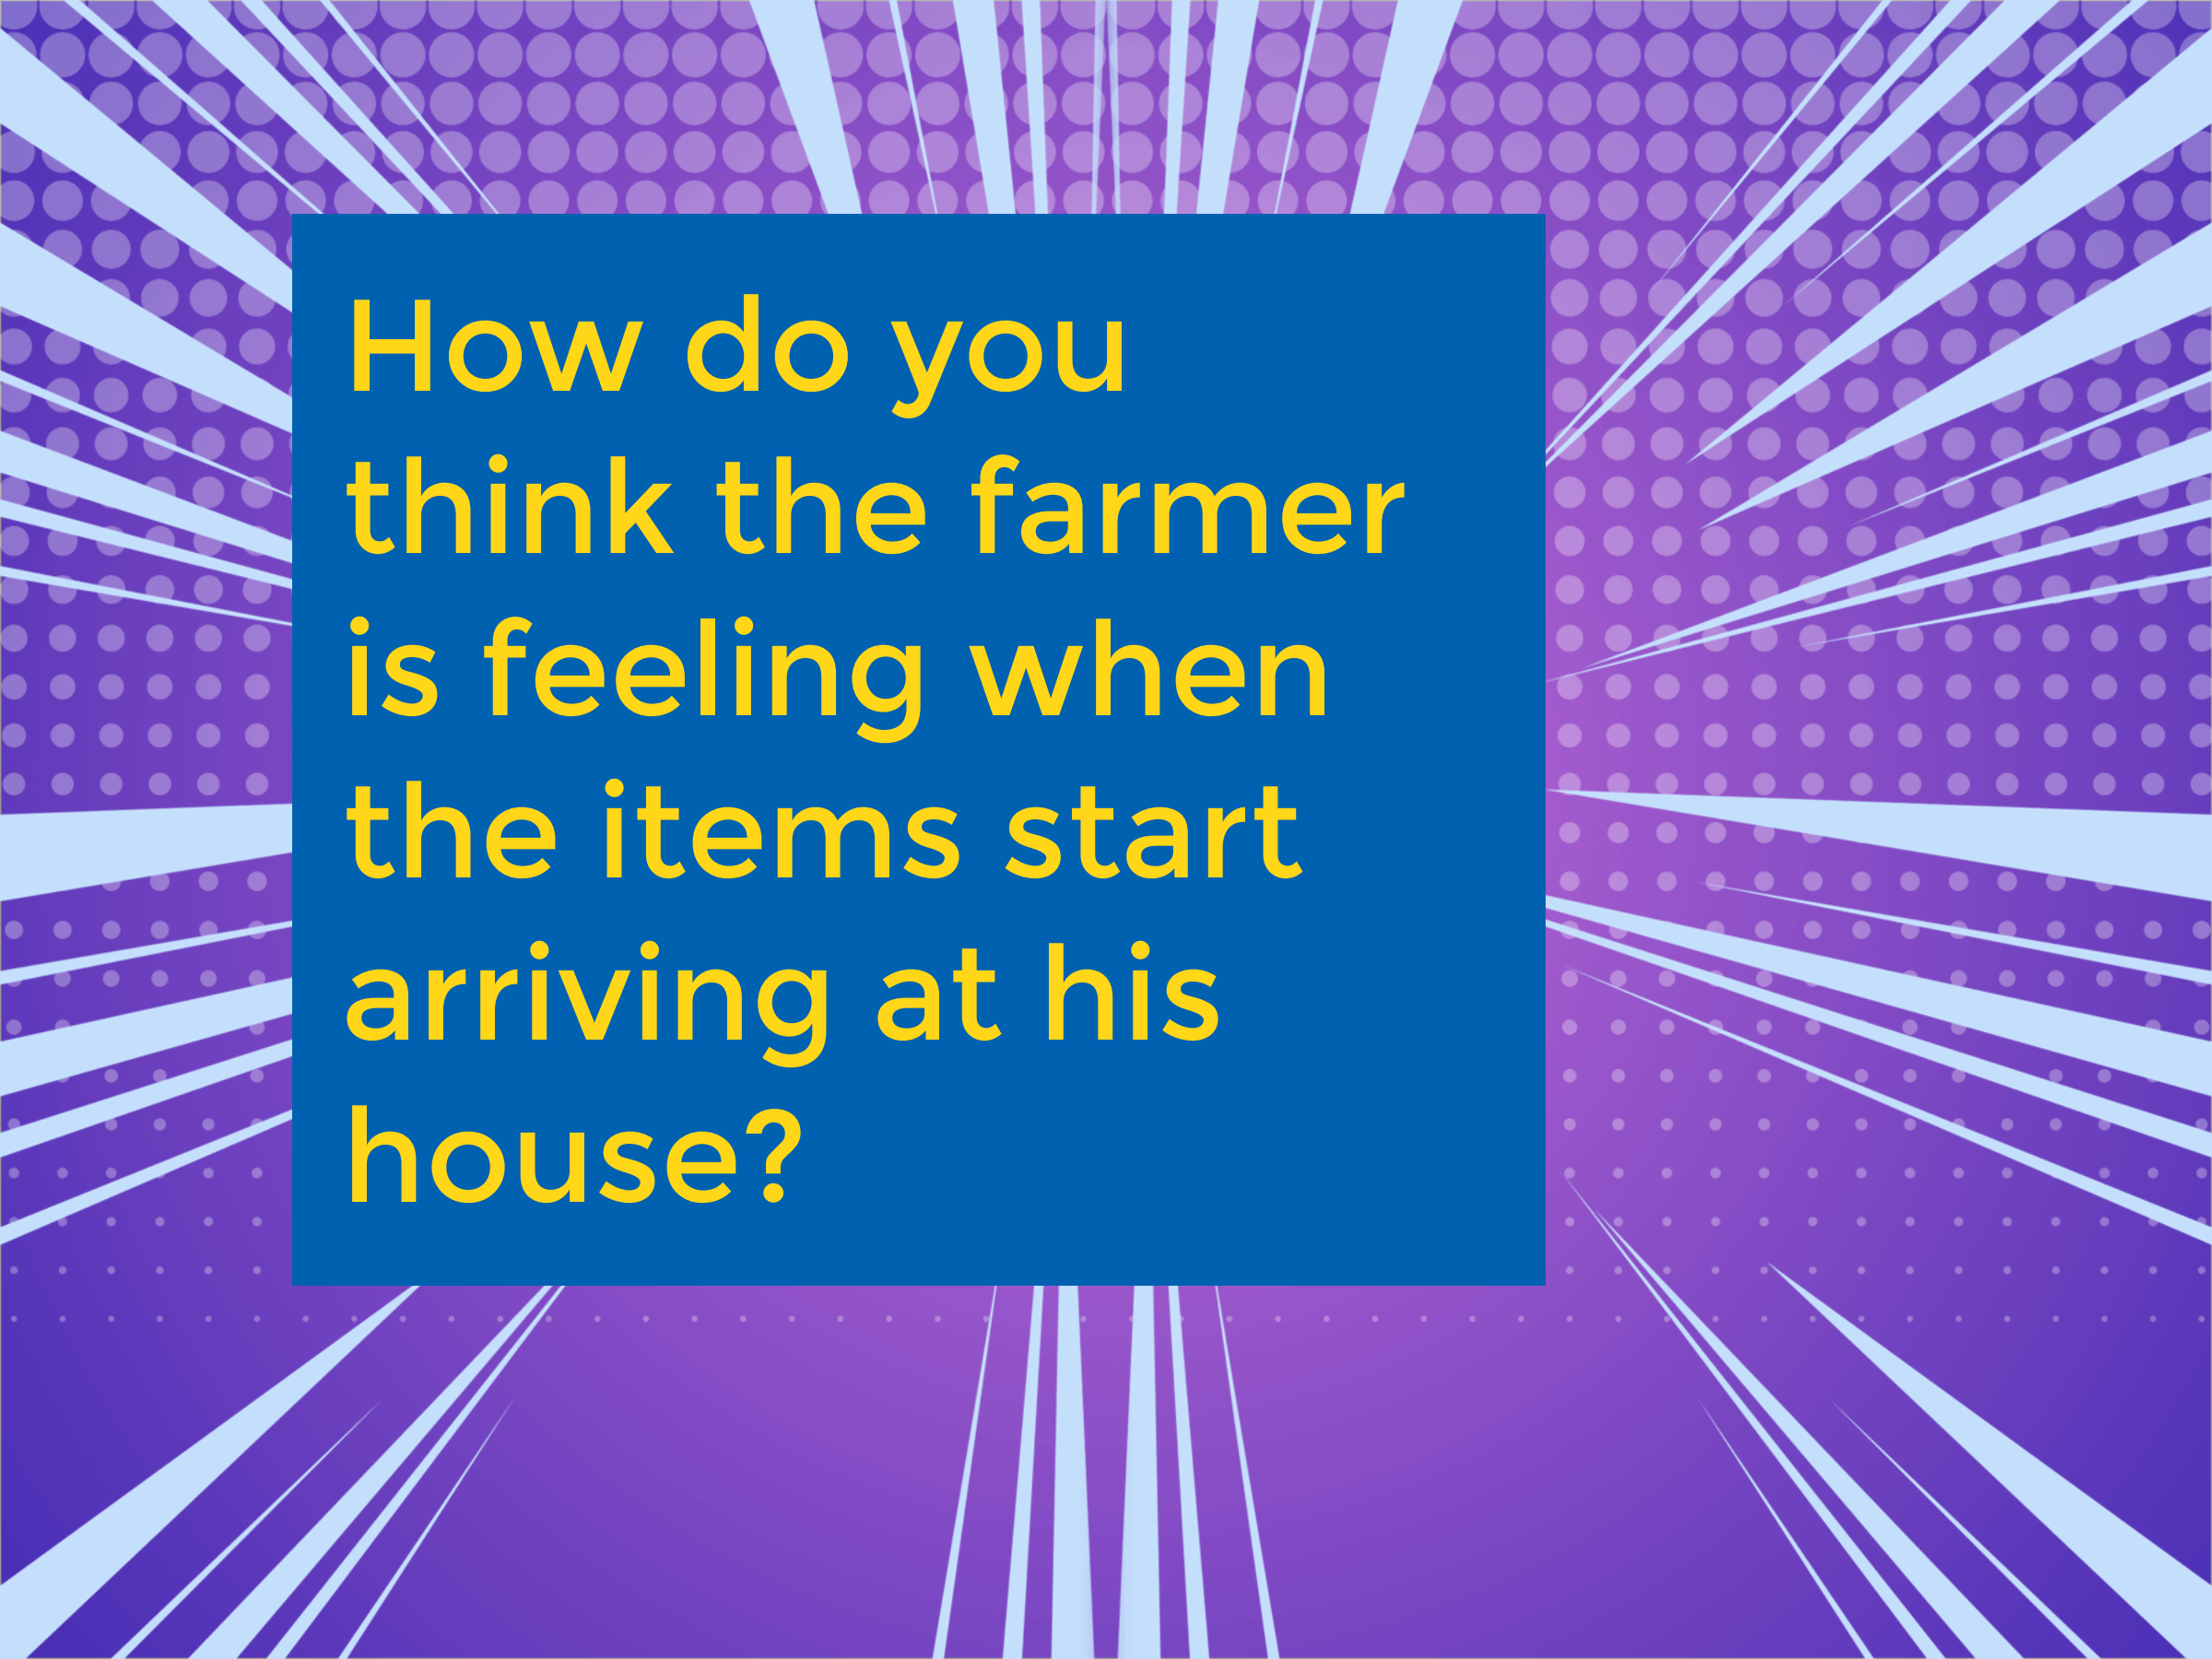

She bought a funny teapot - CLICK!
She bought a frilly blouse.

CLICK! She bought a motorbike.
CLICK! A hive of bees.

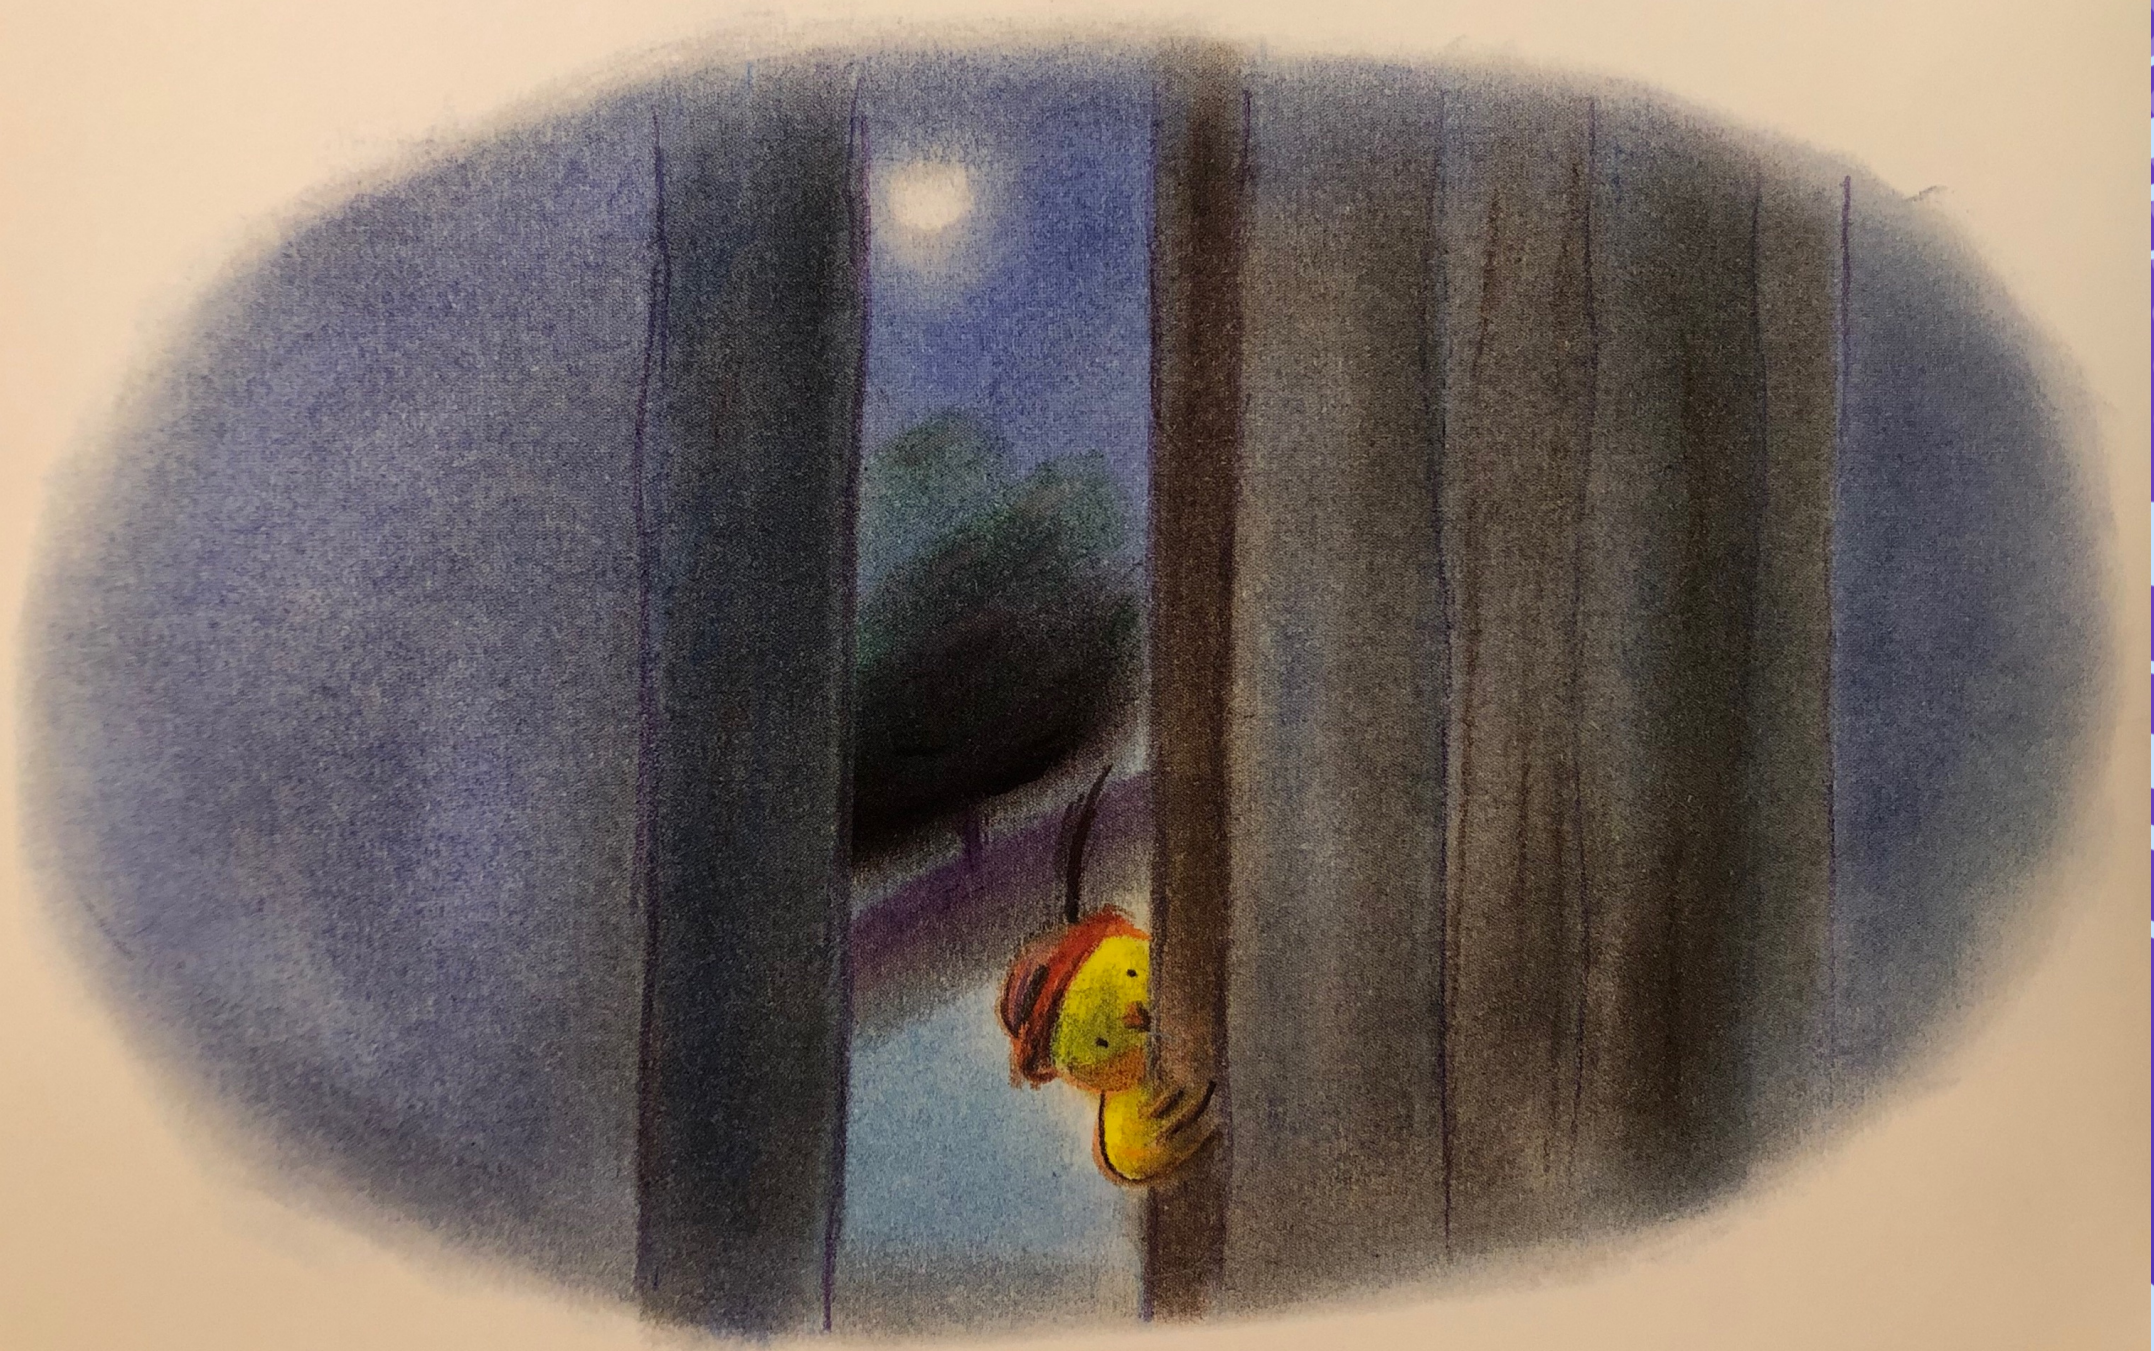

“Good heavens!” said the farmer.
“Did I really order these?”

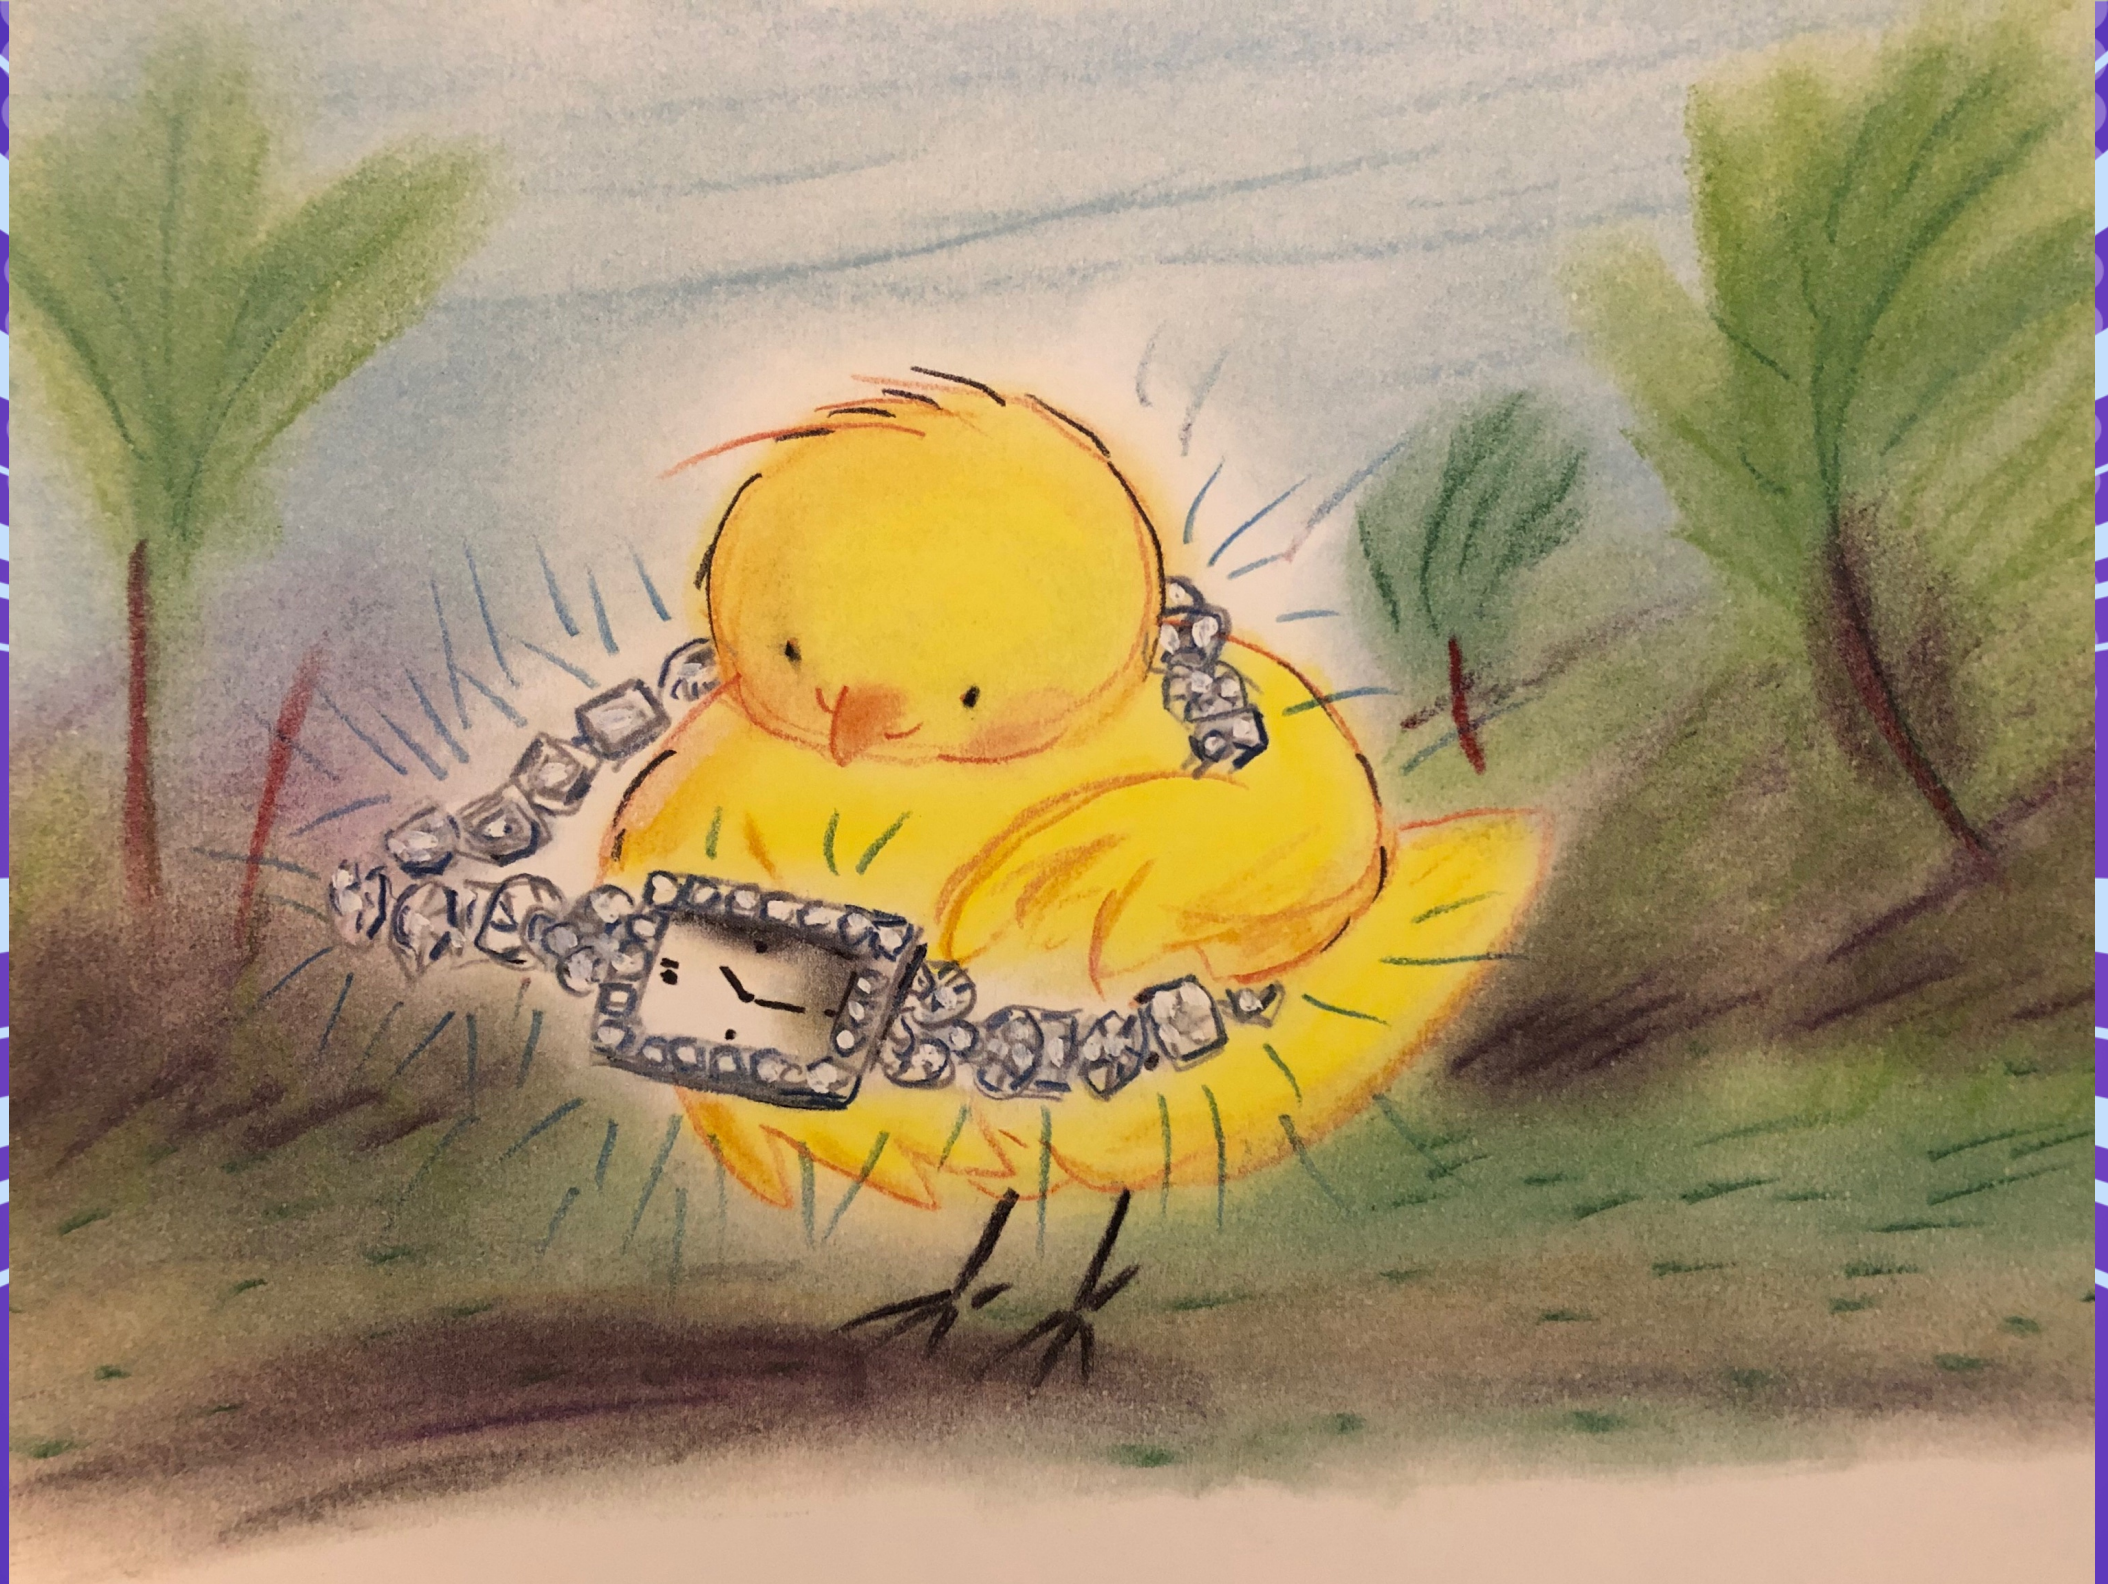

How do you
think the farmer
is feeling when
the items start
arriving at his
house?

The second night the chick came back
Cheepy, chirpy - CLICK!

What do you think
the chick will buy
next?

Do you think what
the chick is doing is
right or wrong?
Why?

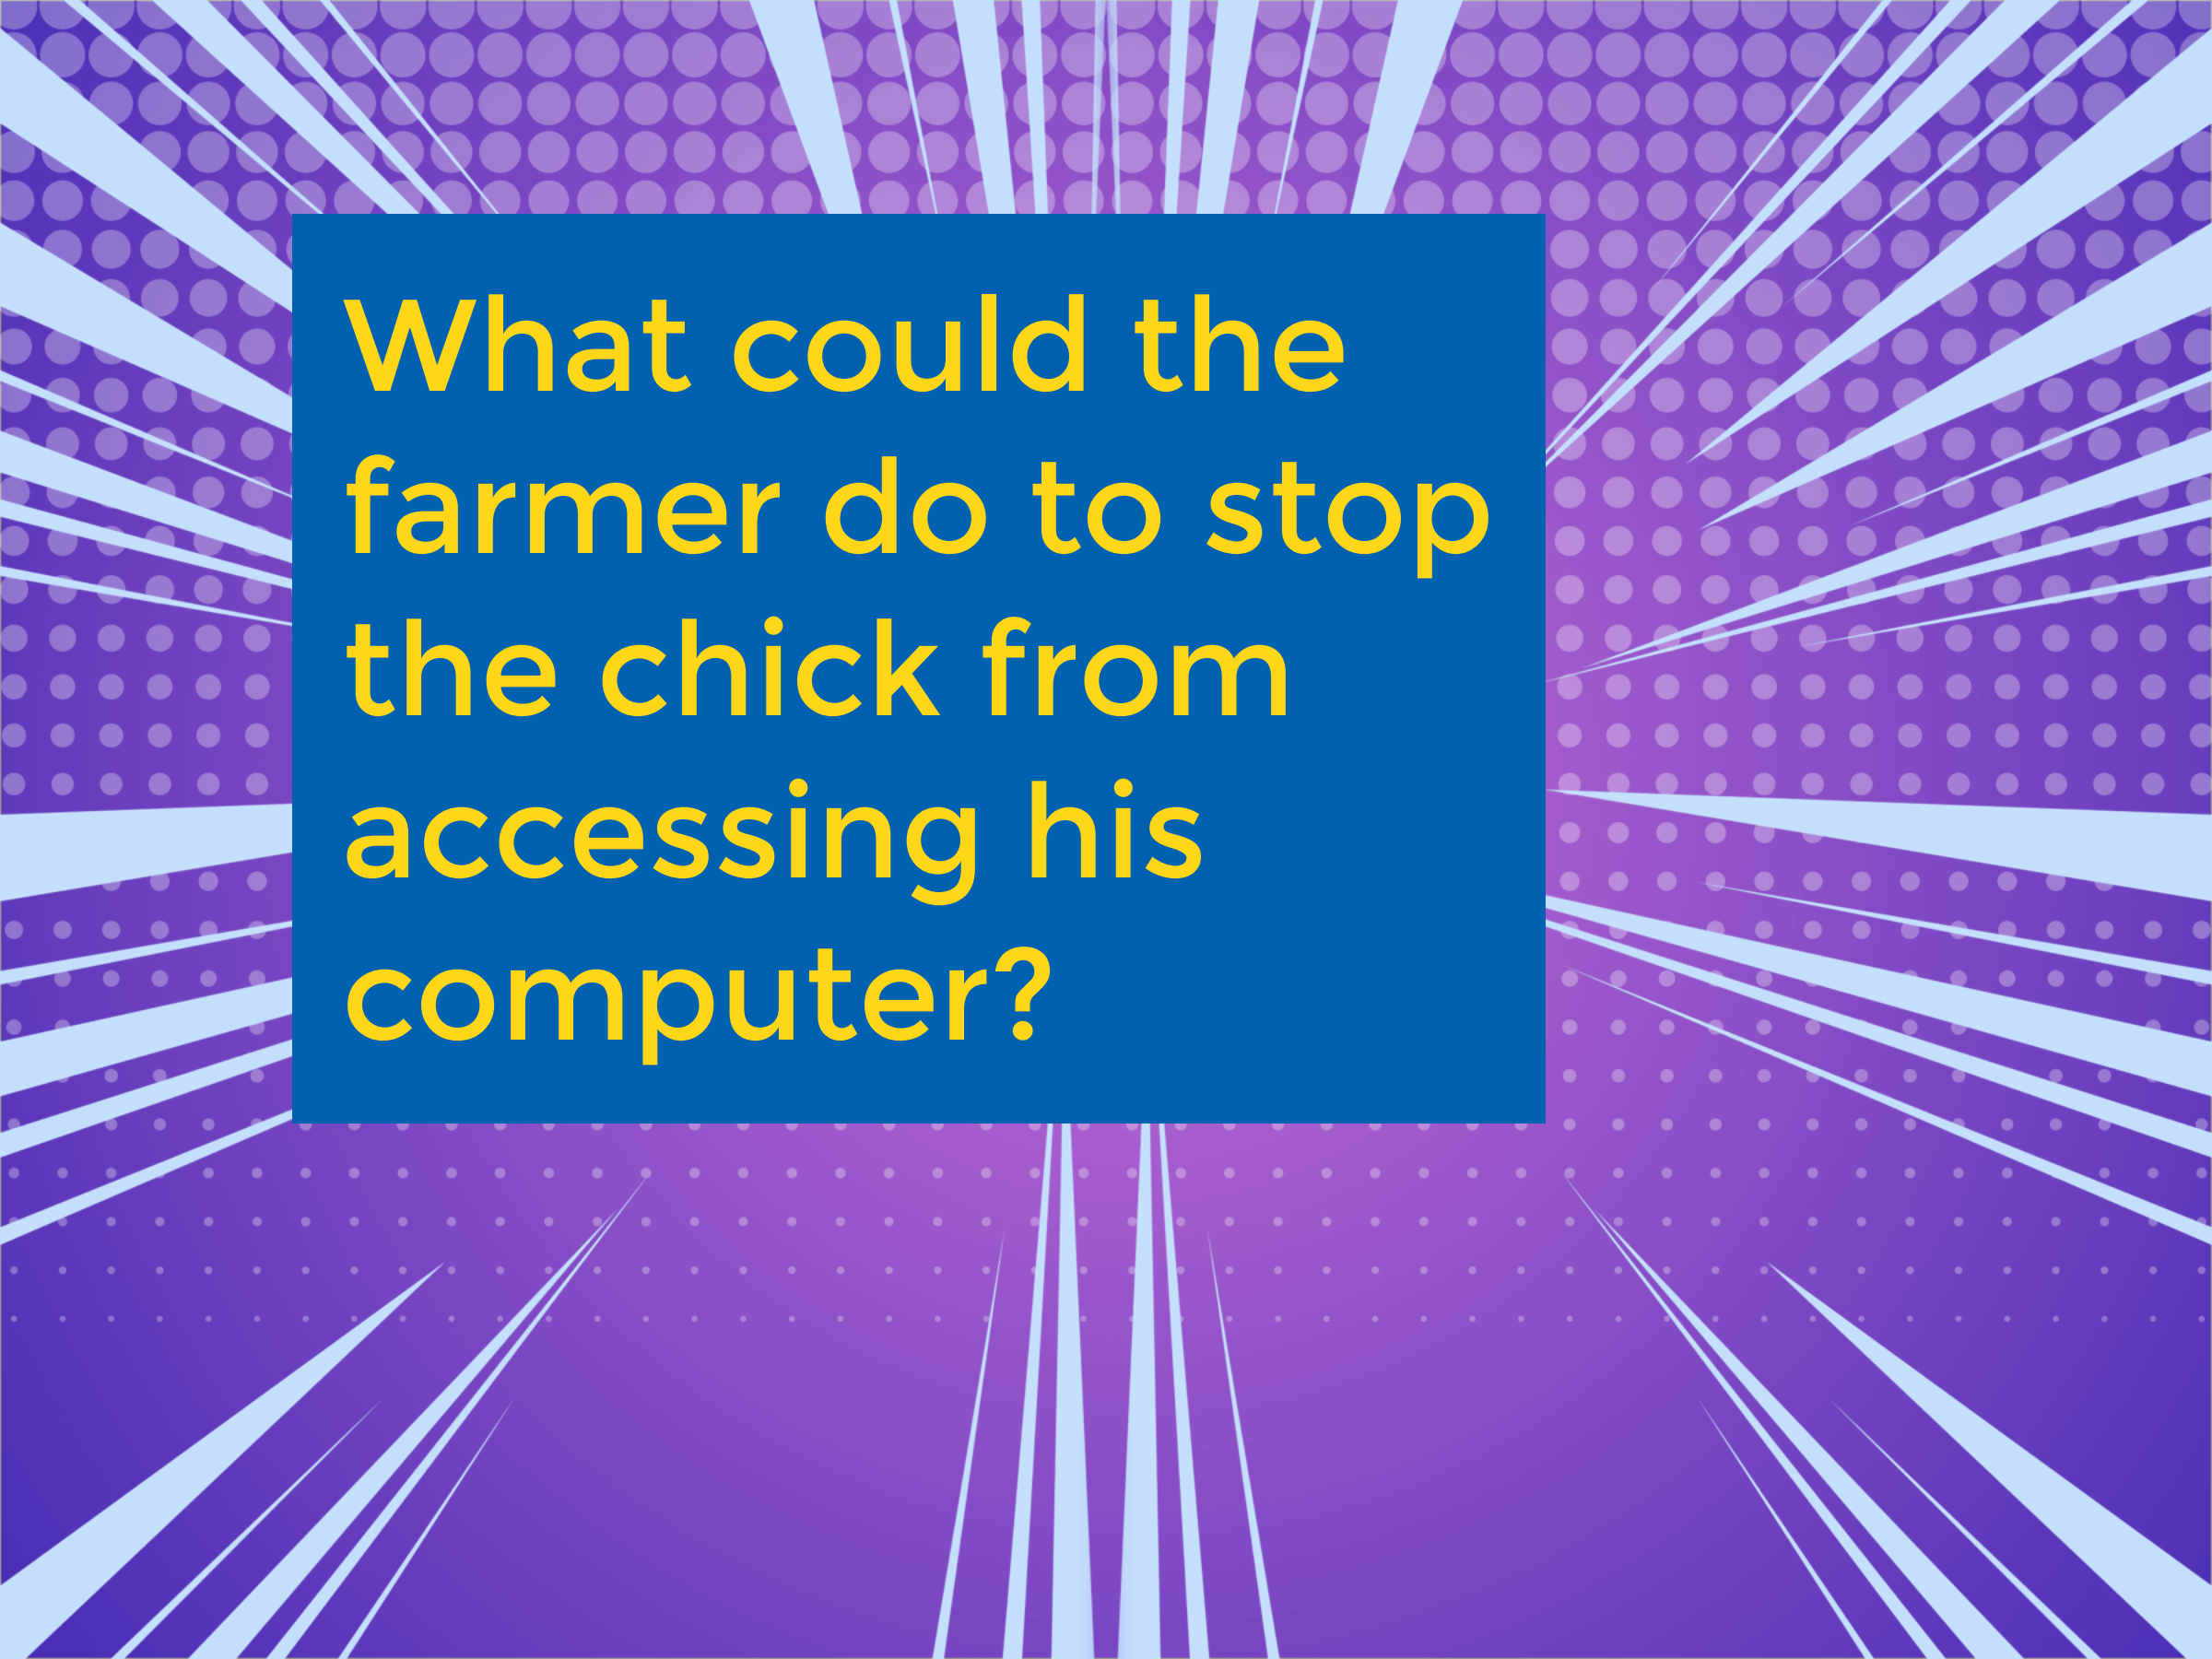

She bought herself a diamond watch,
CLICK! Tock tick.

She bought a hundred handbags
And shoes from every site.

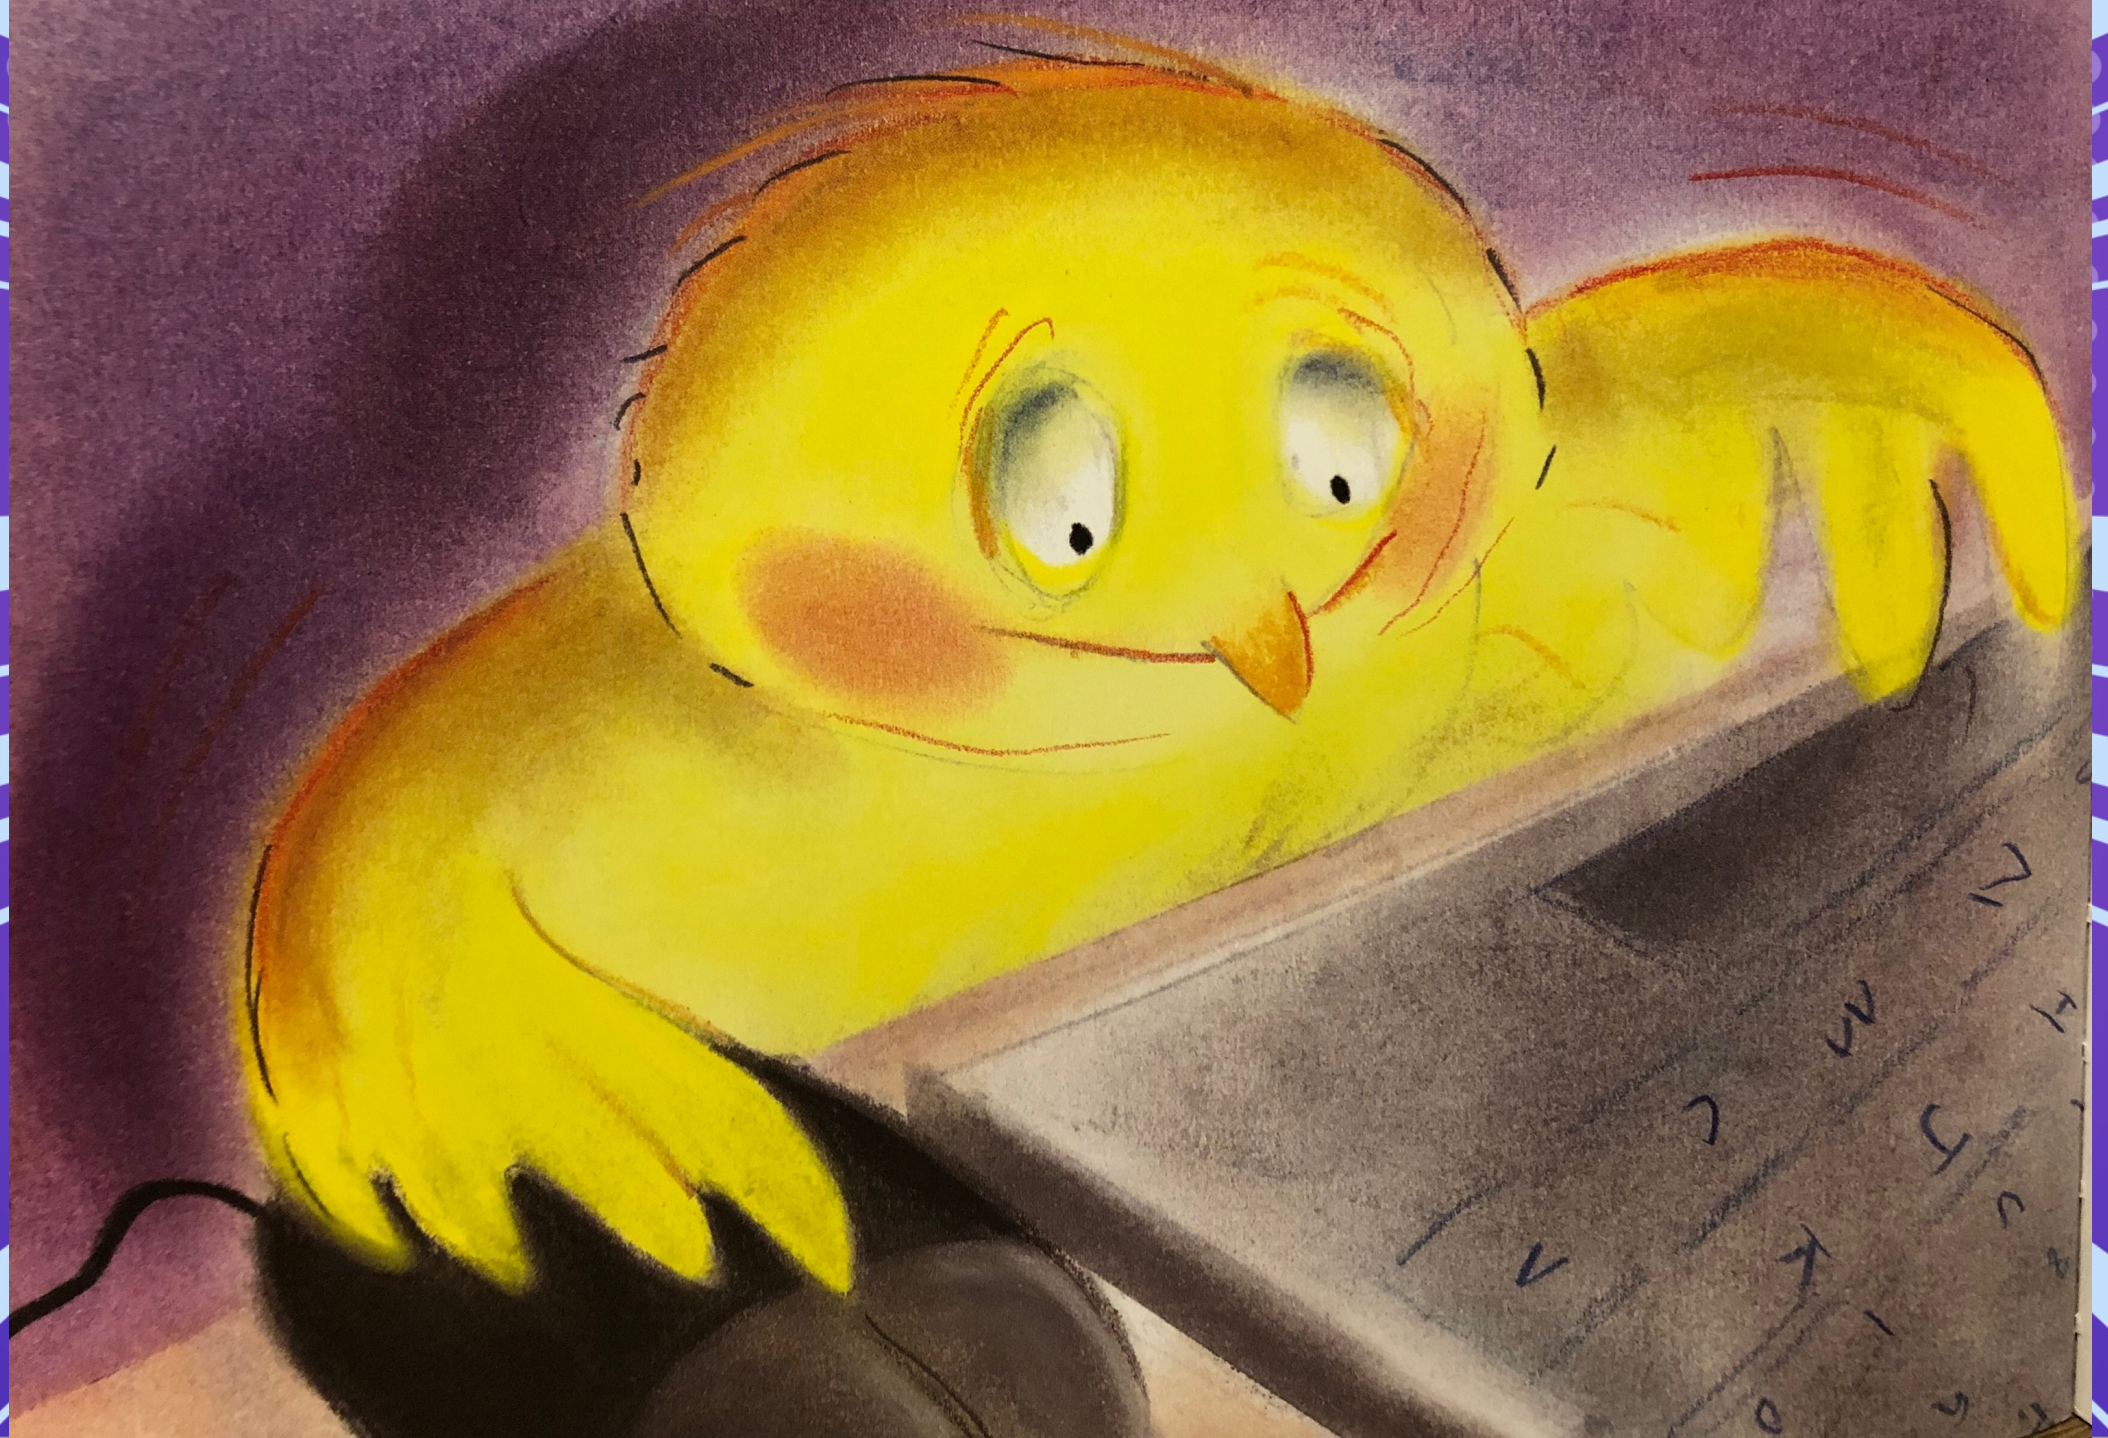

The farmer blamed his wife
Who said his software wasn't right.

What could the farmer do to stop the chick from accessing his computer?

The third night came and just the same
The chicken went online.

She ordered scooters for the sheep
And skates for all the swine.

CLICK! She bought the cows a car.

CLICK! She went again.
And booked the bull a holiday
Away in sunny Spain.

CLICK!
She bought the
horse a cart.

The chick is buying things for her friends.

Do you still think she is doing something wrong? Why?

CLICK! She bought a boat.
The other chickens sailed away,
Amazed that they could float.

The little chick was all alone,
Cheepy, chirpy – CLICK!
“I’ll find a friend online,” she cheeped
“That will do the trick.”

She bought herself a camera
Chirpy, chirpy - CLICK!
She preened her tiny feathers
And she posed and took her pic.

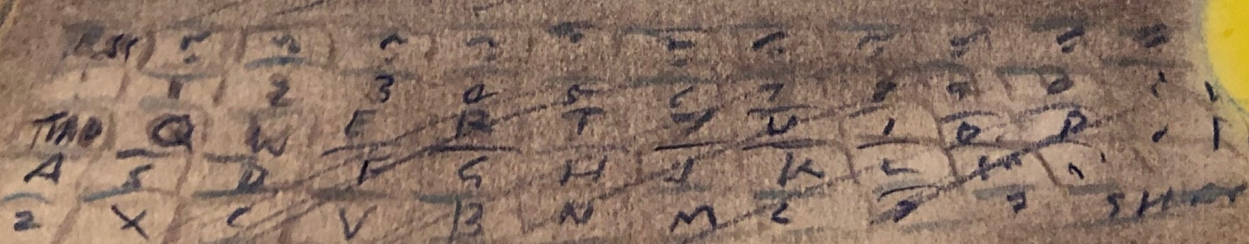

**Is this a good
way to make
friends?**

Why or why not?

She put her photograph online
She gave her name and age.
CLICK! Another chick appeared
Upon the friendship page.

CLICK! They started chatting.
Chick had found the perfect chum
And off she went to meet her
Without telling Dad or Mum.

The chick is off to meet her new friend without telling her Mum and Dad.

Do you think this is a good idea? Why?

She went into the Wily Wood. And waited by a tree.
“I found a friend online!” she cheeped.

The fox said, "That was me!"

Why is there a fox at the end of the story?

Is this what the chick was expecting?

What could she have done that would have made the situation safer?

Activity:

With a partner predict what you think is going to happen next in the story.

Write some sentences to explain what happens to chick at the end of the story.
